Comprehensive Plan Committee Announces Public Workshops for October 1 and October 5

The Comprehensive Plan Committee of the New Lebanon Planning Board will hold two workshops for the public on October 1 and 5 to hear from residents, property owners and business owners about their ideas for the future of New Lebanon. The workshops will be held at the New Lebanon Firehouse at the corner of Shaker Road and Routes 20 and 22 from 7:00 p.m. to 9:00 p.m. on Tuesday, October 1 and 9:00 to 11:00 a.m. on Saturday, October 5.

The Comprehensive Plan Committee was created to present the Planning Board with an updated Comprehensive Plan. The Plan has not been updated officially since first adopted in 1965.

The Committee has identified extensive public input as critical to the success of the updating effort. The Committee urges all interested persons to attend the workshops.

The workshops will be run by Nan Stolzenburg, a professional planner hired by the Town to provide guidance for the Comprehensive Plan updating process. The workshops are designed to assist the public to formulate and express their views and ideas on land use, development, zoning and related issues that will shape the Town's future.

Depending on the experience gained in the two workshops, additional workshops will be held in the future. Public input will also be solicited through a town-wide questionnaire to be distributed in October. Ideas and comments from the public are always welcome, and can be provided in writing and by email through the website.
