New Lebanon Comprehensive Planning Survey Results Available

The New Lebanon Comprehensive Plan Committee has tabulated the Comprehensive Planning Survey responses and is making the tabulated results available for public review. The tabulated responses will be available on the website -- newlebanonplanning.org, at Town Hall, the New Lebanon Library and other public locations.

The survey was mailed to 2,127 individuals -- all New Lebanon registered voters and all individual owners of property in New Lebanon. Five hundred sixty-nine (569) responses were received, or 27%, which is considered by professional planners to be a good response rate. The results have been tabulated by Nan Stolzenburg, the planner engaged by the Town to assist with the Comprehensive Plan update.

The survey responses, together with the results of four public workshops and a special survey conducted at the high school, provide an important source of information on public concerns and viewpoints that will help shape the Plan update.

The Committee continues to encourage direct input from individuals. Comments can be mailed or delivered to Town Hall (P.O. Box 328, New Lebanon, New York 12125, Attention Comprehensive Plan Committee) or emailed through the website.
